26th September 2018

Dear Parents/Carers,

World Space Week 8th-12th October 2018

World Space week is fast approaching and we cannot wait to get involved!

As part of World Space Week, we will be holding a week of space themed activities starting on Monday 8th October. The children will all be getting involved in class taking part in a range of cross-curricular space themed activities. They will be given the opportunity to develop their knowledge about space and take part in some space investigations, arts and crafts and space related writing.

As per our previous letter and text, we have organised for a planetarium to visit on **Monday 8th and Tuesday 9th October** where the children will be able to stargaze and learn all about the solar system.

On **Friday 12th October**, we will be finishing the week with a bang, reflecting on what the children have completed during the week with a whole school space dress up day. We would like to invite all the children to come to school in space themed mufti/ fancy dress. We will have prizes for the best costumes in each year group. The children will get to show off their costumes and reflect on the week in our whole school assembly.

Finally, on **Monday 15th October** we will be hosting a space fair after school from 3.15-4.30pm for all children and parents. During the fair, we will be displaying some of the work the children have been involved in and there will be some space themed games to play. We will be selling refreshments and will be running a Space themed raffle. We hope to see many people attending the fair, helping us to celebrate the end of what we are sure will be a brilliant Space Week.

Any questions please do not hesitate to ask,
Thank you

Miss Chowdhary
